Watson's Bar at Hotel Rival

**Hotel Rival has long been a classic meeting place on Mariatorget. The large selection of hotel rooms, conference rooms, concerts, shows, conference rooms, bars, bistro and café.** On January 16, 2019, we took the next step and opened Watson's Bar – straight in from the street and into the large welcoming entrance area. Open seven days and evenings a week Mon-Sat 11-01 and Sundays 11-23. Year round.

**Hotel Rivals CEO Jesper Henryson is enthusiastic about the guests' reactions:**

*"The response we have received from the guests during the week that we have had open is absolutely fantastic. Accommodation guests and Stockholmers have in just a few days found a common meeting place.*

*Here you meet for lunch, afternoon meeting, drinks and deepening in Watson's delicious menu. Everyone seems to enjoy our choice of inviting furniture, cocktails, oysters, champagne, nice music and not least generous opening hours"*

Watson's is named after the owner's faithful companion – Watson. A Jack Russel with great appetite and curiosity about life.

The drink menu is an exciting mix of classic flavors with modern touches – it will both surprise and create added taste. Watson's always offers nice music, a colorful interior and relaxed seating areas. Enjoy permanent and temporary art. Be for yourself or together. There is something for everyone – Watson's bar with associated theater foyer want to be the obvious choice when you want to enjoy the lovely pulse at Södermalm. If you also want a piece of food, the raw beef sandwich is already a favorite together with the mushroom and Gruyere croquettes.
